Accessibility Statement

OXPEO is committed to making Kolinea accessible to everyone, including people with disabilities. This statement follows the model set by article 47 of French law no. 2005-102 of 11 February 2005. It applies to the website https://kolinea.com and to the application.

1. Compliance status

2. Test results

The compliance audit carried out by OXPEO on November 2, 2026 shows that 79% of the RGAA 4.1.2 criteria are met.

3. Non-accessible content

Non-compliance

- The border of form fields is lighter than the minimum contrast required (criterion 3.3).
- The 49-second presentation film has no transcript yet (criterion 4.1).
- Annotating a document (a point or an area) only works with a mouse or a finger (criterion 7.3).
- With text enlarged to 200%, items of the homepage header overlap or go off screen (criterion 10.4).
- On a 320 px wide screen or with increased text spacing, some titles are cut off (criteria 10.11 and 10.12).
- The presentation pages and a guest client’s space offer a single navigation system, with no site map or search (criterion 12.1).
- The full date behind a relative date (“3 days ago”) is read by screen readers but only shows on mouse hover (criterion 12.11).

Exemptions for disproportionate burden
